

Schmied

PRODUCT SPECIFICATIONS

Case Material: 304 Stainless Steel

Voltage: DC9V /A4 Battery Operated

Capacity: 650ml

Sensing Type: Touch-free infrared

Dimension: 218mm X 108mm X 100mm

TECHNICAL SPECIFICATIONS

- Automatic infrared sensor
- Adjustable sensing distance
- Touch free hygienic design
- LED Indicator: switch-on & low battery
- Cylindrical design, lock system on the top to avoid being misused
- Waterproof electronic components
