

PRODUCT SPECIFICATIONS

Working Power: DC3V (Lithium battery pre-installed)

Average static power consumption: <math><20\mu\text{A}</math>

Instant dynamic power consumption: <math><600\text{mA}</math>

Working water pressure: 0.05-0.7MPA

Sensor distance: $10\pm 2\text{cm}$ to white board

Sensor range: 5-16cm;

Maximum washing period: 3 mins

Mounting diameter : 1) Male M24*1

(comes with 5 types) 2) Male M22*1

3) Male M20*1

4) Female M20*1

5) Female G1/2-14"

Environment temperature: 1~40°C

Medium temperature :0~65°C
